

Beginning 01/01/2022, under section 2799B-6 of the Public Health Service Act, health care providers and health care facilities are required to provide a Good Faith Estimate of expected charges for items and services to **individuals who are not enrolled in a plan or coverage or a Federal Health Care Program, or not seeking to file a claim with their plan or coverage** both orally and in writing, upon request or at the time of scheduling health care items or services.

If you wish to request a Good Faith Estimate be provided to you and **you are a private paying client**, then please reach out to us to complete the request.

The Good Faith Estimate attempts to clarify potential health care costs in an easy-to-understand way for clients to be able to appropriately plan and budget for longer term financial stability. Given the nature of therapy services, typically exact estimates are difficult to predict due to not knowing severity of symptoms, recommended frequency of services, length of time of services, and any other variables. Your clinician will work with you to obtain the best estimate based on your individual needs and update it as required by law.

The Good Faith Estimate shows that costs of services that are reasonably expected for your healthcare needs. This estimate is based on the information known at the time the estimate was created. The estimate does not include any unknown or unexpected costs that may arise during treatment. You could be charged more if complications or special circumstances occur. If this happens, federal law allows you to dispute the bill. **If you are billed for significantly more than the Good Faith Estimate, you have the right to dispute the bill.** You can contact us and notify that the charges are higher than the Good Faith estimate and ask us to update the bill or the estimate. You can also start a dispute resolution process with the U.S. Department of Health and Human Services (HHS). If you choose to use the dispute resolution process, you must start the process within 120 calendar days of the date on the original bill. There is a \$25 fee to use the dispute process. If the agency reviewing your dispute agrees with you, you will have to pay the price on this “good faith” estimate. If the agency disagrees with you and agrees with the provider, you

will have to pay the higher amount. To learn more and get a form to start the process, go to [www.cms.gov/nosurprises](http://www.cms.gov/nosurprises) or call 1-877-696-6775. For any questions or concerns, please see your clinician.
